Message from the Editor

Hello Everyone!

PDUAM Tulungia warmly welcomes you to the sixth edition of its Newsletter. The beginning of the academic year is at its heart, a fantasy of newness and clean slates—of the chance to do things differently and with more attention to purpose. In reality, it's also one of the most challenging times of year for many of us. But at the same times, with the commencement of new academic session for HS & UG programs, new dreams, hopes, aspirations and events are also unfolding. New session of the College has commenced from 8th August 2022. I take this opportunity to welcome the new batch of students of HS & UG and we are happy to see the glitter in their eyes. The admissions into HS & UG have increased, reflecting the enhancement in the credibility of the College.

We realised that quest for knowledge is not sufficient. We at PDUAM Tulungia believe that education is not only about inculcating intelligence and facilitating achievements, calculable and measured, but also about imparting values and building character. As the Editor of the Newsletter, I envision an environment filled with democratic values of diversity, inclusivity, and equality that come alive in the day-to-day interaction of students. We strive to develop high academic standards, a sense of discipline in sports, talent in music, theatre and art, and a good moral character as it reflected in every edition of the Newsletter.

The previous issues of Newsletter received an overwhelming response by everyone including the readers, our associates and allied stake holders. "PDUAMT Newsletter" is a living document of the College carrying mosaic of intellectual contributions, activities, events, seminars, guest lectures, experiences and much more.

Through this newsletter, we record and celebrate the coming alive of all the values we cherish and the standards of excellence we set for ourselves. I invite you to join me in these walk-through significant moments of the session 2022-23 amongst the soothing greens of the PDUAM Tulungia campus.

The major objectives of the camp were: (a) to identify the current status of financial literacy of the participants in order to determine the necessary steps to improve the same, (b) to make them able to solve some basic arithmetics that are required in a SHG to run (c) to make the participants aware about some of the government support programs as well as micro investment avenues and (d) to make them realize the strength of unity for a business to start and operate.

Two Assistant professors namely- Dr. Haripriya Dutta and Mrs. Pratyshī Tamuly of Department of Accountancy were entrusted with the responsibility to conduct the camp. attention of the participants. Followed by that, they were asked about various aspects of their financial knowledge, behavior and attitude for identifying their state of financial literacy. They were identified with low level of financial knowledge, especially numerical abilities. Therefore, they were taught some of the basic calculations such as: division of loan amount among members, calculation of simple and compound interest etc. Thereafter, another interesting story on the journey of 7 SHG members to build the brand of *Lijjat Papad* was played for the participant to learn and realize the capacity of
